

The NetRunner Awaken1ng : PITCHS

Narration :

2143. In a network of interconnected matrices, a virtuoso and impetuous hacker that no one suspects, not even her, of being an artificial consciousness learns the existence of a mondial purge of identity planned by the largest multinational in the usernames market and decides after joining a group of revolutionary hackers to thwart their plans by hacking it from inside, in order to preserve the free will of humanity.

Gameplay :

Enter a three-dimensional retro-neon-style matrix, run and jump from wall to wall at a furious pace in procedurally generated levels and survive multiple deadly defense systems to steal the Data and get out on time, alive. Only your skills as a player and your understanding of the ever-new mechanic systems will allow you to complete your hack.
